PHOSCRETE LABELS, SHELF LIFE, AND DISPOSAL

Shelf Life (when properly stored)

Product / Component	Shelf Life	Storage Conditions
Phoscrete Dry Mix [and admixtures]	2 years	indoors, low humidity
Phoscrete Activator	1 year	minimize temperature swings

Use of Expired Material?

Phoscrete **STRONGLY** advises against installing expired material, material improperly stored, or material opened or damaged. If you cannot avoid installing a questionable material, first mix a full kit in your shop and observe mixing properties, time of set, and maximum temperature to verify the material is consistent with fresh product.

Disposal

Hardened Phoscrete concrete and Dry Mix powder can be disposed in any dumpster or landfill. Formula 1 Liquid Activator must be neutralized before disposing. Refer to [Phoscrete Best Practices - Activator Safe Disposal](#)ⁱ at phoscrete.com. Contact your Phoscrete representative with any questions regarding disposal of expired material. Always follow local environmental regulations when disposing of Phoscrete.

Health, Safety, and Environmental

Read, understand, and follow all Installation Instructions, Safety Data Sheets, and product label information for this product prior to use. The latest SDS can be obtained by visiting phoscrete.com, emailing your request to safety@phoscrete.com, or calling +1 561-420-0595. Use only as directed. For Hazardous Materials [or Dangerous Goods] Incident Spill, Leak, Fire, Exposure, or Accident, Call CHEMTREC® 24 Hours 800-424-9300 / +1 703-527-3887. Contracted by Phoscrete, CCN 866520.
